That means the student cannot refer to any material while attempting the quiz. Students are advised to revise and go through the lecture well, before giving the quiz.

Marks & Duration.

Each quiz contains 8-10 questions, each question holds 1 mark. Students must attempt the quiz in 10 minutes. Again, students will have to self-supervise their timings.

Translate the following sentence :

تَكَلَّمُوا مَعَ مُدَرِّسِ الْجَمِعةِ

Your answer

Google forms are extremely key sensitive. So students might face some problems here. Just bear some basic rules :

- Start each sentence with a capital Letter.
- Each sentence will end with a full stop '.'
- All proper nouns will start with a capital Letter.
- All non-proper nouns will start with a non-capital letter.

In any case, after submitting the quiz, students can evaluate where they made a mistake.
